

Portray the performance of the Institution

7.3.1. Our college has identified the vision ie. "From ignorance to enlightenment Academic excellence and empowerment through education. The college is showing keen interest and personal commitment in transforming the vision in to reality. The faculty members are striving hard for the educational success of students and to create an academic environment. The main objective of our college is to cater to the educational needs of the students of this rural area "from ignorance to enlightenment" accordingly students have been improving their knowledge and skills by taking active part in academic activities. Inspite of all these efforts , we are facing so many challenges. Ours is a college located at a gram panchayat level. People have lot of expectation from us. Therefore we have so many social responsibilities and obligations. The College has mainly rural students. Who are struggling hard to come over to graduation level. Specially female students derived the opportunity to get higher education due several reasons. Education is not primary, it is secondary . Male dominated society. Parents are not quite aware of girls education. Girls education limited only to 102 level. Higher education is one type of waiting period for girls before their marriage. After their marriage they discontinue their education. Under such a scenario, we struggled hard to change the mindset of parents and convinced them the importance of higher education to girl students. In the words of Mahatma Gandhi "If you educate the man, you educate the person but if you educate the woman, you educate the nation." An educated mother is more than hundred school teachers. Higher education is the gateway to economic security and opportunity particularly for women in India. Keeping in mind all these noble ideas, our college striving hard to provide quality education to both boys and girls. During the initial years the number of girl students taking admission to our college is very less comparing to boys students. Over the years, one of the most significant transformations in our college is the drastic increase of girl students. The following table shows the increase of girl students from the last sixteen years.

Co-ordinator,
IQAC.

Principal,
Shri Shantaveer Arts & Commerce
College, Babaleshwar.
