

IQAC ANNUAL REPORT

6.5.1

As per the initiative, norms and guidelines of the NAAC from time to time, we constituted Internal Quality Assurance Cell[IQAC], The IQAC collects data from various committees of the college. The chairman and members of the committees have the responsibility to conduct curricular and co-curricular activities throughout the year, and submit information to IQAC as and when required. The activities of the college are under taken as per the norms of IQAC. In this way, IQAC acts like steering wheel of the college. With the part and guidance of IQAC faculty members are trying their level best to quality education to students.

7.2 Best Practices

1) Respect the nature and save the Environment

Today the entire world is facing grave Environmental problems. The very survival of mankind on this planet is in danger. Thus, the protection of Environment is a major challenge and dire necessity. To protect the Environment, we thought of a novel idea. Respect the Nature and Save the Environment as one the best practices in which our college follows since its inception.

Objectives of the practice

- To minimize the Environmental pollution in the college campus.
- To beautify college campus and our surroundings.
- To inculcate the sense of responsibility of protecting Environment among the students.
- To use renewable energy resources particularly solar energy.

Our mammoth task of green and clean campus has brought successful results. Our college campus is full of greenery and became a Centre of attraction. There are so many flower plants, medicinal plants and variety of trees available in the campus and have provided shelter to various birds, which have a melodious chirp.
