

## Institution of Endowment Prizes

Our College believes in the principle that "Actions speak louder than the words". As such, we introduced Endowment Prizes to encourage talent among the students. An Endowment Prize is in the form of money to the meritorious students for their outstanding academic achievement. This is one of the best practices in which our college follows since its inception.

### Objectives of the Practice

- ❖ To encourage healthy competition amongst talented students and inspire them to show brilliant performance in examinations.
- ❖ To enhance quality of learning in higher education.
- ❖ To improve the attendance of students to classes.
- ❖ To inculcate discipline and hardworking culture in the minds of students.

"Charity begins at home" according to this proverb a good practice always starts from the people who design and implement it. Accordingly, Shri Shantaveer Swamiji Trust initiated the first endowment prize. The staff members who have designed and implemented this practice have initiated endowment prizes in the name of their elders. Our proud alumni who are in the prominent positions have also come forward to institute endowment prizes. This practice is unique one and it inspires management members and local leaders who have supported whole heartedly and initiated prizes. This practice definitely encourages students to work hard and excel in their careers.
